

# ACCOUNTING

Do you enjoy learning in a small classroom where implementation and auditing are a center focus of your degree? The University of Minnesota Crookston's Accounting B.S. degree teaches students the fundamental and advanced techniques needed to assist future clients and firms with financial reports. Presenting numbers in accordance with generally accepted accounting principles through problem solving for profit, public and non-profit organizations, accountants apply themselves through problem solving and methodical strategies. With a bright mind and promising future, students often locate careers in Financial Analysis, Public Accounting, Management Accounting, Banking, Taxation, or Finance just to name a few.

*Some golden nuggets to consider...*
